➤ **Step 4**

You can see response in the response body.

A screenshot of a REST client interface. The 'Body' tab is selected, and the response is displayed in a 'Pretty' JSON format. The response is a JSON object with a 'statusCode' of 200 and a 'responseMessage' array containing two objects. The second object in the array is highlighted in blue. A red rectangular box is drawn around the entire JSON response content. The interface also shows tabs for 'Cookies', 'Headers (6)', and 'Test Results', and a dropdown menu set to 'JSON' with a refresh icon.
